University of Kalyani, a NAAC A-grade university, was established in 1960 with a campus area of over 400 acres in Kalyani town. It is well connected by road and railway, with a railway station very close to the University. Its distance from Kolkata is only 50 km. This locational advantage of the University makes it particularly suitable for the 'Cafeteria Approach' to higher education.

Workshop Objectives:

The University of Kalyani has taken the initiative to motivate and assist affiliating Colleges under the University of Kalyani and neighboring nonaccredited Higher Education Institutions (HEI). The workshop will be organized by the IQAC, University of Kalyani in association with the office of the Inspector of Colleges (IC) of the University.

The workshop has been planned in such a way that, two faculty members/Principal/TIC/officers, each from nonaccredited HEI will be enlightened about the process and planning to be done for achieving the goal of NAAC accreditation.

The workshop will be of two days duration. The schedule has been done in such a way that point to point discussions on all attributes under each *Key Indicator* will be covered. This will help the HEI for preparation of data and documents.

Who Can Participate:

Faculty members/Principal/TIC/officers (preferably be associated with IQAC/NAAC activities of that institution) of non-accredited Institutions (maximum two participants from an institution) can participate but the participant must be nominated by the authority of that institution (copy of the forwarding letter from the institution must be provided).

Registration Fees: Nil

Intake: 90, out of which 44 from 22 non accredited affiliating colleges under the University of Kalyani which is mandatory.

Last Date of Registration: 10th August, 2019(First Come First Serve basis).

Accommodation:

Accommodation for 50 participants (double shared) has been arranged in the university guest house on First Come First Serve basis.
